

gen² Frameless Glass Stacker

Installation Instructions

Mounting hardware:

Frameless glass stacker bracket, #3 Philips self drilling screw and glazing tape .

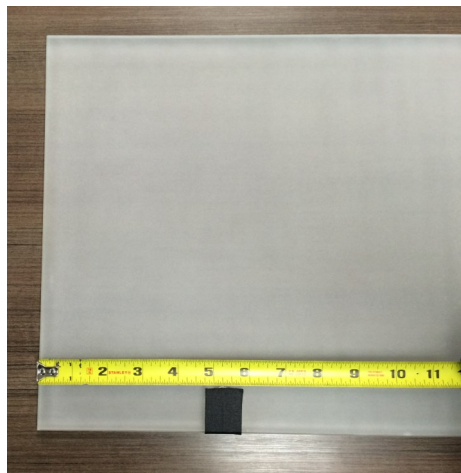

Bracket placement:

Step 1: Locate the preset hole 5-1/2" in from each side of the panel and use the #3 self drilling screw to secure the bracket to the panel.

Step 2: Install the slotted top cap on to the retainer over the mounting brackets.

Step 3: Add tape to glass stacker to sit inside bracket.

Step 4: Install glass stacker by sliding it into the mounting brackets.
